Hi Judy. We need the passport from the mare cause the local sanitary government needs it to have control of the transport of the mare. They need to check that the mare is ok before she leaves. If norm maybe they block the that stable area. 12:23
You also have to tell me who and wha vet takes care of the mare when Frederick leaves.? 12:23

Perfect that's the best decision. The vet who bought the medication wants to know to whom do we send the bill. Could you send me your email address so she can send you the bill. ?? Thanks a lot 16:12
