1. ACTION PROTOCOL

Arrival at the event:

1. **Lorry reception** will take place at the **Control Point** by the **Stable Manager**.
2. **Horses** will be examined by the 'elected' Veterinarian.
 - o Lorries will be directed by the Stable Manager, to their assigned stabling where the following checks will be carried out:
 - o Horses are correctly placed in their assigned stables.
 - o Horse **microchips** will be read and checked with their Passports.
 - The passports will be validated, FEI, LICs, DIE & Tarjeta Validación Deportiva, along with any other incidental documentation.
 - Vaccine dates will be checked to ensure each horse is up to date with obligatory vaccinations such as Equine Flu.
 - o Clinical horse examination:

Heart and breathing rates will be recorded along with the presence of any other symptoms, such as cough, lymph node infarction, etc.

If the horse's temperature is over 38.5°C, taking into account ambient temperatures and the conditions during transit to the installations, the horse will be rechecked after one hour of rest. If the horse then tests as equal to or below 38.5°C the horse will be accepted and may be installed in its assigned stable.

In the case that the horse's temperature continues to be above 38.5°C the **Contingency Plan** will be put in to operation. Firstly, the horse and all of the horses travelling on the same vehicle (same origin), will be moved to the Isolation Zone. The Contingency plan is outlined in the second part of this document.

If the horse's temperature is normal on the following day and it is verified that the horse does not present any other infectious symptoms, the animal will be transferred to its assigned stable.

3. The horse's **passport** and health papers, will be collected by the stable manager and delivered to the Show Office.

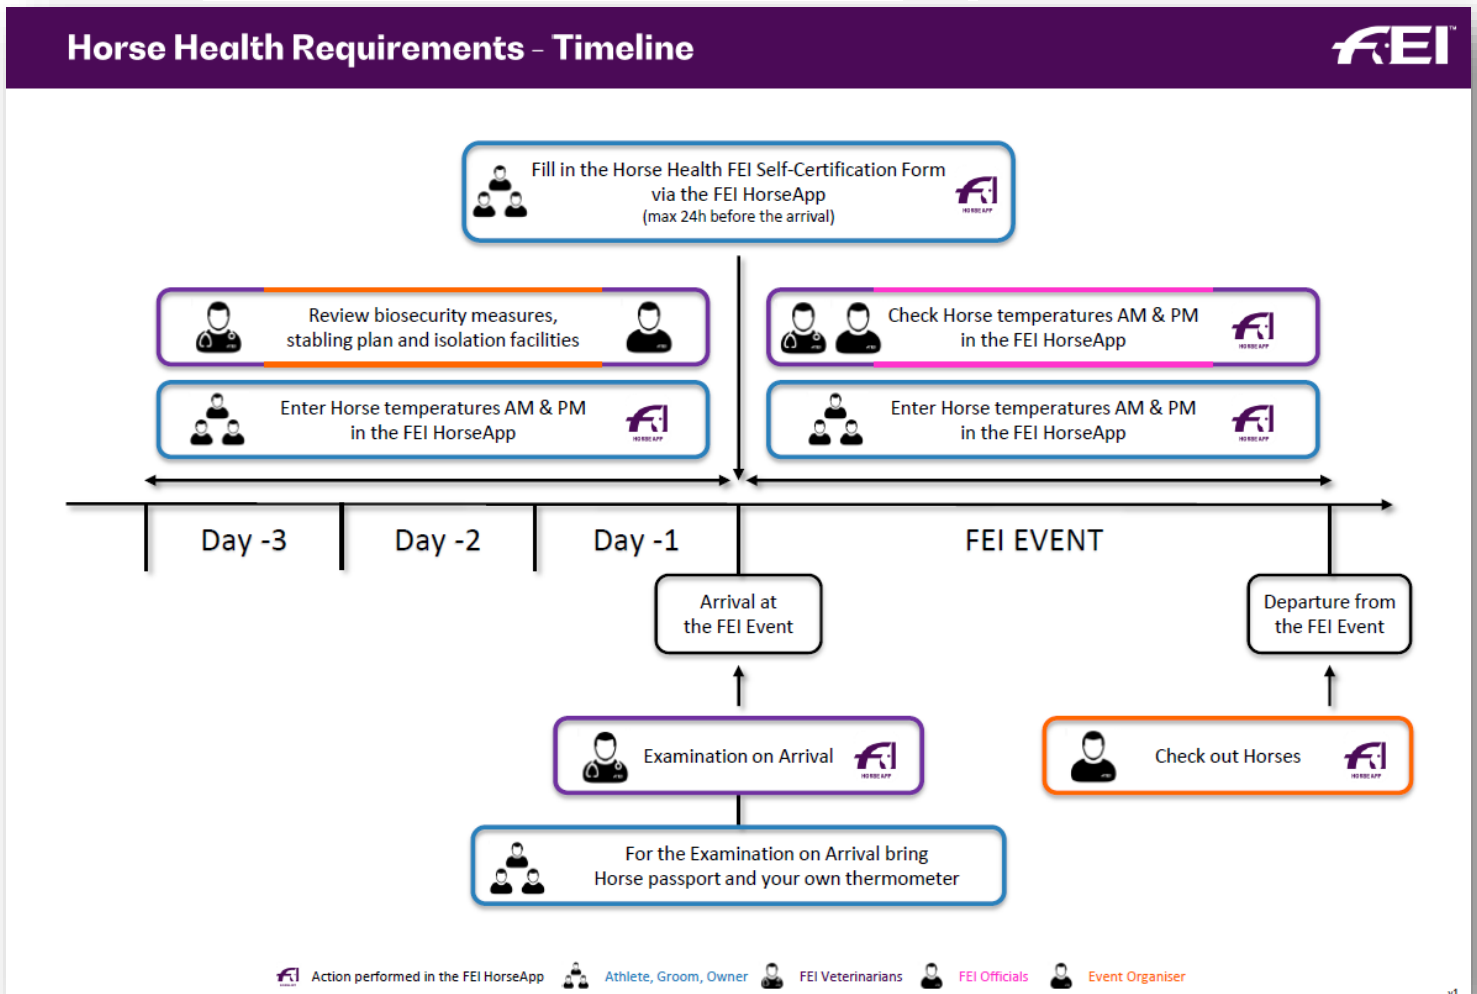

NOTE: The responsible veterinarian will have both disposable equipment ready to examine groups of horses (from the same origin / transport vehicle), as well using and carrying out thorough cleaning and disinfection of all standard medical tools before use between horses (eg: thermometer, stethoscope ...)

During the event:

1. **Stable area:**
 - ✓ Horses will be stabled in open air, in fixed boxes with a height of 2.30m permitting good ventilation in the stables. (Stable areas; A and B).
 - ✓ Horses will be assigned boxes corresponding to their zone of origin, transport / previous stabling etc; but with sufficient separation between one and another.

- ✓ All stables will be cleaned and disinfected before the arrival of the horses to the installations.
- ✓ Hydrogel is available at the entrances to the stabling areas and horse showering areas.
- ✓ Every evening, shared areas, the horse showers and the walkways in the stabling areas will be disinfected by our stable staff.
- **The temperature of each horse must be take twice daily (morning and evening) by the rider or groom and must be noted down in the FEI HorseApp.**
- **In the case of suspicious symptoms arising during the event (fever etc):**
 - ✓ The horse will be immediately isolated to a designated Isolation box.
 - ✓ Any horses in its contact group will be clinically contained and placed under observation.
 - ✓ The Autoridad Sanitaria Local (Local Health Authority) and the Comité Técnico Nacional Veterinario de la RFHE (National Technical Committee) will be immediately notified by the OC and the designated Official National Veterinarian.
 - ✓ Relevant procedures will be taken and the Contingency Plan brought into action.

► A useful timeline & action chart can be consulted [here](#).

2. CONTINGENCY PLAN

○ Isolation Zone:

- ✓ There will be an Isolation Zone which will be more than 50m away from the main stabling area (Kurupay Stable area).
- ✓ Stables in this area will be carefully cleaned and disinfected constantly by our staff.
- ✓ There will be a sufficient number of boxes available proportional to the number of horses attending the event. A minimum of 3m will be kept between the rows of stables.
- ✓ There will be a box with hoist available in the isolation area.
- ✓ These stables have good ventilation channels.
- ✓ Pets are prohibited in the isolation area.

○ Access to the Isolation Zone:

Only those in charge of the care of an isolated horse may enter the Isolation Zone.

○ Horse Stabling:

- ✓ Horses that travelled together will be placed together in the same group but with sufficient separation between each of them.
- ✓ Each horse will have a separate tack area specifically for that individual horse, to prevent cross contamination of other horses by sharing of materials.
- ✓ Rectal temperature should be taken twice each day, morning and evening **and must be noted down in the FEI HorseApp.**
- ✓ Hand disinfection points will be placed at the entrance / exit of the Isolation Zone and there will be an area to change clothes and shoes before exiting the Zone.
- ✓ There will be a plan of the Isolation Zone area which will be filled in to show each horse's details, any extra data and contact information.

○ Care and Monitoring of Isolated horses:

- Rectal temperature should be taken twice daily during isolation by the person responsible for each horse's care. It is important to assess the general appearance of the horse (discharge from nostrils and eyes, any changes in the consistency and number of stools) and its wellbeing noted, any changes in water or feed consumption, how the horse is moving etc. If the horse presents any sign of symptoms the vet should be immediately called to attend.
- There will be a 24hr **treatment clinic** on call at the installations.
- In the case that a horse needs to be transported to the hospital we have a **horse ambulance solely reserved for the transport.**
- **PPE:** Specific equipment will be used for each horse in the isolation area. All equipment that is shared such as thermometers etc, will be disinfected between each and every

horse. Materials that cannot be disinfected (brushes and sponges etc) will be for individual use with each horse.

Footwear and clothing, should be washed and disinfected after use with each horse, as well as coveralls and disposable gloves which should be carefully disposed of after each use.

5th - 30th October

2022

El siguiente **Protocolo de Actuación y Plan de Contingencia en materia de Bioseguridad** ha sido elaborado para que Circuito Hípico del Sol, S.L. celebre sus próximos concursos de forma segura. Hemos limitado el número de caballos y gracias a la dimensión de la instalación, así como a la experiencia de nuestro equipo se proporcionan las adecuadas condiciones para el desarrollo de la competición siguiendo con las directrices marcadas por la Federación Ecuéstrea Internacional (FEI) y la Real Federación Hípica Española (RFHE) para evitar los riesgos asociados con el EHV-1.

1. Protocolo de actuación:

Llegada al concurso.

Durante el concurso.

2. Plan de Contingencia:

Zona de aislamiento.

Acceso a la unidad de aislamiento.

Estabulación de caballos.

Hospitales/laboratorios.

Anexo:

I. Zona de aislamiento.

1.PROTOCOLO DE ACTUACIÓN

Llegada al concurso:

1. **Recepción de camiones** en el **punto de control** por parte del jefe de cuadras.
2. **Examen de los caballos a la llegada** por parte del veterinario responsable.

Siguiendo las indicaciones del jefe de cuadras los camiones deberán dirigirse hasta los boxes asignados donde se les realizará el correspondiente examen:

- Los caballos serán ubicados en los boxes correspondientes.
- Verificación de la identidad del caballo a través de lectura de microchip e identidad en su Pasaporte.
 - Comprobación de validez de pasaporte FEI, LICs, DIE + Tarjeta Validación Deportiva y otras incidencias documentales.
 - Comprobación de las pautas de vacunación obligatorias contra influenza equina.

- Examen clínico de los caballos:

Toma de temperatura por parte del mozo/jinete y registro de la misma por el veterinario responsable en la FEI HorseApp.

Además, se examinarán frecuencia cardiaca, frecuencia respiratoria y registro de cualquier incidencia (tos, infartación ganglionar, etc).

Si la temperatura del caballo es superior a 38,5°C, teniendo en cuenta que una temperatura alta es compatible con las circunstancias del viaje, se someterá al caballo a una segunda toma de temperatura tras 1 hora de reposo. Si esta segunda toma de temperatura es inferior o igual a 38,5°C se aceptará al caballo y podrán instalarse en la zona asignada.

En caso de que la temperatura siga siendo superior a 38.5°C se procederá a trasladar al animal, así como al resto de caballos que lo acompañan en el vehículo de transporte hasta la zona de aislamiento y se pondrá en marcha el correspondiente Plan de Contingencia que se detalla en el segundo punto de este documento.

En caso de que la temperatura sea normal al día siguiente y se compruebe que el caballo no presenta ninguna otra sintomatología infecciosa se trasladará al animal a la zona de boxes asignada.

3. Recogida de los **pasaportes de los caballos** junto con sus guías sanitarias por parte del jefe de cuadras para entregarlas en la oficina del concurso.

NOTA: El veterinario responsable dispondrá de equipos desechables para el examen entre grupos de caballos (mismo origen / vehículo de transporte), procediendo a la limpieza y desinfección de los utensilios de trabajo entre caballos (termómetro, fonendoscopio ...)

Durante el concurso:

1. **Zona de cuadras:**

- ✓ Los boxes serán desinfectados y limpiados antes de la llegada de los caballos a la instalación.
- ✓ Dispondremos de hidrogel en la entrada a la zona de cuadras y en las zonas de ducha de los caballos.
- ✓ La zona de duchas para caballos, así como los pasillos de la zona de cuadras serán desinfectadas cada noche por nuestro personal.

2. Toma de temperatura 2 veces al día (mañana y tarde) por parte del jinete/mozo y registro en la FEI HorseApp.

III. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

The Long version of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English. The Code is also available on the FEI's website: <http://inside.fei.org/>.

"Head numbers will be provided by the OC. It is obligatory to use these head numbers at all times when a horse leaves the stables - disregarding for what reason (competition, clear round, training, grassing, a.s.o.).

The head number contains an active RFID chip to recognize the horse at different gates (e.g. competition arena entrance, warm up arena entrance, clear round arena entrance, stable in-and out-gate). This helps the OC and the officials to know more about the status of horses and riders and will improve the workflow of the competitions and the whole event.

The system will collect timestamps and head numbers only, no additional personal data.

All athletes and other stakeholders agree with the collecting of this data with sending their entries to the OC.

Due to the fact that the chip is quite expensive, the OC will hold a deposit of 35 € per head number on the athlete's account and the amount will be charged if the head number will not be returned."

Competitions with 100 starters or more must have three maintenance breaks. The start list must indicate when the maintenance break will take place (e.g. after N° 25).

JRs Annex VIII, Art. 4

Courses of selected Nations Cup, Grand Prix and FEI World Cup™ Competitions must comply at least with the minimum dimensions and technical requirements outlined under the mandatory requirements below. (At Events where the Schedule indicates that the height of obstacles in a qualifying Competition, e.g. the Grand Prix at a CSI3, is 1.50 m, a special mention may be added to the Event Schedule that if the Competition is listed as a qualifying Competition for the Olympic Games, the World or Continental Championship, the compulsory two verticals at 1.60 m will be included in the course without it being considered to be a Competition conducted at a height of 1.60 m.)*

The Course Designer must clearly identify on the course plan of the Competition the specific obstacles that must be included as per the mandatory requirements below. e.g. planks, wall, gate, narrow obstacle, etc.

Mandatory requirements:

- *The first obstacle must be either a vertical minimum height 1.45 m or an oxer minimum height 1.40 m for the front pole and 1.45 m for the back pole;*

- One wall or gate;
- One narrow vertical or spread obstacle with frontal width between 2m50 to 3m00;

- Approximately 50% of the efforts must be vertical obstacles and 50% must be spread obstacles (e.g. oxer, triple bar, Swedish oxer, narrow oxer etc.). Nevertheless, no more than 55% of the efforts may be vertical and no more than 60% of the efforts may be spread obstacles, including the water jump if there is one (NB: a water jump is compulsory in Nations Cup Competitions, refer to JRs Art. 264.3);
- Two verticals (*other than the wall*) must have a height of 1.60 m; *

- Minimum length of course 400 meters with a minimum speed of 375m/min;
- The course will include minimum 12 and maximum 14 obstacles which may vary in height between 1.40 m and 1.60 m;

 - A related distance bend or straight line of up to eight strides leading to the triple combination or up to seven strides following the triple combination;
 - One of the combinations must have a related distance (maximum seven strides) with an obstacle (before or after the combination) in a straight line.

* For Nations Cup Competitions at selected CSIO3* and CSIO4* Events, the above requirements relating to the compulsory two verticals of 1.60 m and two spread obstacles with a minimum height/spread of 1.50/1.60 m, take precedence over the requirement established in JRs. Art. 264.3.1 to have two verticals of 1.55 m for 4* Nations Cups, respectively two verticals of 1.50 m for 3* Nations Cups, and the requirement to have two spread obstacles with minimum height/spread of 1.45/1.55 m for 3* Nations Cups.

Courses of selected Nations Cup, Grand Prix and FEI World Cup™ Competitions must comply at least with the minimum dimensions and technical requirements outlined under the mandatory requirements below. (At Events where the Schedule indicates that the height of obstacles in a qualifying Competition, e.g. the Grand Prix at a CSI3, is 1.50 m, a special mention may be added to the Event Schedule that if the Competition is listed as a qualifying Competition for the Olympic Games, the World or Continental Championship, the compulsory two verticals at 1.60 m will be included in the course without it being considered to be a Competition conducted at a height of 1.60 m.)*

The Policy has been developed based on currently accepted best practices by the WHO and US Center for Disease Control (CDC) and will be continually reviewed and updated as more information becomes available. It is not intended to replace the applicable guidance and policies from domestic government and health authorities, but to supplement their recommendations with sport specific considerations.

The OC shall submit the risk assessment and mitigation plan (including name and contact details of the person in charge) to the FEI as an annex to the Event Schedule, **at the latest ten (10) working days before the event's deadline for Definite Entries**.

ASSUMPTION OF RISK / WAIVER OF LIABILITY

In consideration of being allowed to participate in the Event and related activities, all Participants (as defined in the Policy) acknowledge, appreciate, and agree that:

1. Participation includes possible exposure to and illness from infectious diseases including but not limited to COVID-19. While particular rules and personal discipline may reduce this risk, the risk of serious illness and death does exist; and,
2. The Participants knowingly and freely assume all such risks, both known and unknown, even if arising from the negligence of the OC or others, and assume full responsibility for their participation; and,
3. The Participants willingly agree to comply with the stated and customary terms and conditions for participation as regards protection against infectious diseases. If, however, a Participant observes any unusual or significant hazard during his/her presence or participation, the Participant will remove himself/herself from participation and bring such to the attention of the nearest official immediately; and,
4. The Participants, for themselves and on behalf of their heirs, assigns, personal

representatives and next of kin, HEREBY RELEASE AND HOLD HARMLESS THE OC AND THE FEI, their officers, officials, agents, and/or employees, other participants, sponsoring agencies, sponsors, advertisers, and if applicable, owners and lessors of premises used to conduct the event ("RELEASEES"), WITH RESPECT TO ANY AND ALL ILLNESS, DISABILITY, DEATH, or loss or damage to person or property, WHETHER ARISING FROM THE NEGLIGENCE OF RELEASEES OR OTHERWISE, to the fullest extent permitted by law.

The Participants confirm to have read this release of liability and assumption of risk agreement, fully understand its terms, understand that they have given up substantial rights.

2. INSURANCES AND NATIONAL REQUIREMENTS

Equestrian sports involve inherent dangerous risks. To the greatest extent permitted by law, the FEI and the FEI Event Organiser shall NOT be liable for any damages relating to loss of property or injury of any kind to Athletes, Owners, Support Personnel or Horses at or in connection with an FEI Event and the FEI expressly excludes all such liability.

2.1. ATHLETES, OWNERS AND SUPPORT PERSONNEL

2.1.1. Personal Accident and Health Insurance

It is your responsibility as an Athlete/Owner/ Support Personnel to ensure that you have adequate personal accident insurance in place to cover your participation at FEI Events and in particular to insure against any personal injury or medical expenses arising from an accident, injury or illness which may occur at a FEI Event.

You should check with your National Federation to confirm if your National Federation's insurance policy (if any) covers personal accidents and/or illnesses which may occur when you are attending/participating in FEI Events.

If your National Federation does not have a personal accident/health insurance policy or if the National Federation's insurance policy does not cover personal accident or health claims, then you should obtain your own personal accident and health insurance policy to cover your attendance/participation at FEI Events.

2.1.2. Personal Property Insurance

You should also ensure that you are insured against property loss, theft or damage which may occur at an FEI Event.

Again, the advice is to check with your National Federation to confirm if they have an insurance policy in place which would cover you in case of such property loss, theft or damage. If not, then you should obtain your own personal property insurance to cover such situations.

2.1.3. Press Equipment

Press equipment and other items left in the Press workroom, Press lockers, the Press Tribune or anywhere on the showgrounds are left entirely at the owner's risk. The Organising Committee does not accept any responsibility for any loss or damage to such equipment or items. Members of the Press are advised not to leave any equipment or personal items unattended.

2.2. ATHLETES AND OWNERS

2.2.1. Third Party Liability Insurance

As an Athlete/Owner you are personally responsible for damages to third parties caused by you, your employees, Support Personnel, your agents or your Horses. You are, therefore, strongly advised to take out third-party liability insurance providing full coverage in relation to FEI Events at home and abroad, and to keep the policy up to date.

The FEI and the Organiser will NOT be responsible for any damage caused to third parties by you, your employees, Support Personnel, your agents or your Horses.

2.2.2. Additional Liability Information

Space for organiser to include reference to National Laws when necessary

3. PROTESTS/APPEALS

To be valid, all Protests and Appeals must be made in writing and accompanied by a deposit of CHF 150.- or equivalent, as mentioned in the FEI General Regulations (Art. 161-162) available at the following link:

<https://inside.fei.org/content/general-regs-statutes>

4. SCHOOLING DURING COMPETITIONS

Athletes wishing to school during speed competitions (Table A and Table C) must inform the OC before these competitions begin. These athletes will start first in these competitions.

5. STEWARDING

- If an athlete is uncertain as to whether the boots they intends to use during an event are allowed, they or their representative should show the boots to the Chief Steward for their opinion before the boots are used in training or in competition.
- In addition, athletes are to be made aware that hind boots must be removed and placed again on the horse's legs in the presence of a Steward while in the warm-up arena prior to entering the competition arena for certain competitions. (If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.) This procedure is compulsory for competitions for which boot and bandage control is mandatory, that is the Nations Cup, Grand Prix, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.
- As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask their groom to take the boots to the in-gate and place them on the horse's legs in front of the Steward prior to the combination entering the arena.

- The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. *[Stewards are to note that it is normal for a horse's gait to be somewhat affected immediately after boots have been removed and re-placed.]* If an athlete or his/her groom refuses to remove and replace the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.
- If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by the athlete/groom following the athlete's round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.
- This procedure does not replace boot and bandage control after completion of an athlete's round for competitions for which boot and bandage control is mandatory (refer to JRs Art. 244.1).

6. DISPUTES

In the event of any discussion concerning the interpretation of the schedule (in translated languages), the English version will be decisive.

7. MODIFICATION TO SCHEDULE

In exceptional circumstances, together with the approval of Chefs d'Equipe, host NF delegate, if any, and the Ground Jury, the Organiser may change the schedule in order to clarify any matter arising from an omission or due to unforeseen circumstances. Any such changes must be notified to all athletes and officials as soon as possible and they must be reported to the FEI Secretary General by the Technical Delegate, the President of the Ground Jury or the Foreign Judge, as applicable.

In case of a tie for the 12th place in a competition with 12 to 48 starters, the prize money foreseen for the 12th place will be divided equally among the athletes concerned.

For Competitions run in two rounds with more than 12 starters in 2nd round:

OCs that indicate in the schedule that a specific number (that is more than 12) of athletes will return for the second round will be permitted to distribute the prize money for that competition among all the athletes taking part in the second round, even if the second round is followed by a jump-off in case of a tie on penalties for first place after the second round.

DEDUCTIONS FROM PRIZE MONEY AT COMPETITIONS:

Full details of any deductions from prize money must be outlined in the schedule. This includes government taxes. If it is necessary for Organisers to deduct such taxes, they must provide participants with an official form indicating the amount of tax deducted.

The tax form must be provided to the athletes upon arrival and returned to the Organiser prior to departing.

According to the Spanish Law concerning Physical Person Return Tax (I.R.P.F), the OC must deduct the rate fixed by the above-mentioned law over all the sums paid to the competitors. This rate differs according to the athletes nationality. It depends on the international agreements established by Spain with the different European countries. Currently, the tax rate (I.R.P.F) for Foreign Competitors is 24%.

All riders may ask for further information to:

MINISTERIO DE ECONOMIA Y HACIENDA
Delegación de Hacienda de Madrid
c/ Guzman El Bueno, 73
28015 MADRID (ESPAÑA)

Prize money is including 21% VAT.

IMPORTANT

The total amount of prize money shown for each Competition in the schedule must be distributed. (FEI General Regulations articles 127 and 128)

For details of the prize money breakdown for each competition please refer to the tables at the end of this document; the Organiser must specify which of the two (2) tables will be used. The total prize money for the Competition must be distributed among the first twelve (12) placed athletes.

The Organiser must provide additional created prizes for athletes placed beyond twelfth (12th) place. The minimum amount for each of these additional prizes, for athletes placed from thirteenth (13th) to last place, must be clearly specified in the approved schedule and not exceed the prize money of the athlete placed twelfth (12th)

10. MAXIMUM NUMBER OF STARTERS PER COMPETITION

***Annex VI FEI Jumping Rules:**

Maximum 100 starters per Competition other than the GP. If more than 100 starters are declared, the OC must split the Competition into the number of groups required to ensure that there are no more than 100 starters in any group, and provide the same amount of prize money as indicated for the original Competition for each group. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.

OCs may apply either of the following methods for splitting the Competition:

The competition is split into the number of groups required before it starts. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group. If it is not possible to have groups of equal size there may be a different number of starters in each group;

OR

The competition is run as one single competition and split afterward into the number of groups required to ensure that there are no more than 100 starters in any group, and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. *NB: In this case separate results must be sent to the FEI for each of the groups, e.g. results for Competition 1a and for Competition 1b (and for Competition 1c if the original Competition was split into three groups, etc).*

In both cases above each group must offer the same amount of prize money as indicated for the original Competition. For the avoidance of doubt, it is the number of declared starters in the Competition, not the final number of starters that determines whether the Competition must be split.

As all FEI World Cup™ Competitions have the status of a Grand Prix, the minimum prize money requirements for the Grand Prix are applicable to the FEI World Cup™ Competition. For CSI-W Events with a Grand Prix Competition in addition to the FEI World Cup™ Competition, the minimum prize money requirements for the Grand Prix apply only to the FEI World Cup™ Competition; the Grand Prix Competition at such Events cannot offer more prize money than the prize money offered for the FEI World Cup™ Competition.
